## BIDDER'S TERMS AND CONDITIONS

1. Subject to any reserve price, the highest bidder shall be the Purchaser and in the event of any dispute arising, the lot may be reoffered. The Auctioneer shall be the sole arbitrator and his decision shall be final in all matters relating to the Auction.
2. Any advances in bidding shall be regulated by the Auctioneer unless otherwise advised. No bidder may retract their bid once it has been taken. The Auctioneer expressly reserves the right to bid on behalf of the Vendor.
3. The Auctioneer may refuse any bid if he deems it is not in the best interests of the Vendor, and may exclude any person or persons whatsoever from the Auction at any time for any reason whatsoever.
4. The Vendor reserves the right to withdraw any lots from the sale at any time before the lot is offered for sale.
5. On the fall of the hammer, the Purchaser shall, if required, give their particulars and immediately pay \$500.00 (or nominated amount) being part payment for the lot so purchased. The Purchaser shall complete the "Terms of Auction Sale" as set out in the Company's written policy. In default of these conditions the Auctioneer reserves the right to immediately resell such lots as he deems fit.
6. The Purchaser shall be deemed to be the principal unless, prior to the sale, they had given to the Auctioneer a copy of written authority to bid for or on the behalf of another person or party.
7. On the fall of the hammer, the Purchaser shall be responsible for guarding and securing any lots. The Auctioneer accepts no responsibility after the fall of the hammer for safeguarding of any lots. Ownership and title shall not pass to the Purchaser until all lots are paid for in full. Lots will not be available for removal upon part payment.
8. All lots have been available for inspection to the purchaser at a specified time. No allowances, refunds or warranties are offered with any lot whatsoever whether express or implied.
9. Any statements as to the quantity of goods are approximate only and are as represented to the Company. The Company gives no warranty that quantities as stated are correct. Whilst every care has been taken in the compilation of reports all catalogues, advertisements or oral descriptions may contain errors and as such are to be used as guide only. Should quantities in any lot fall short any dispute as to compensation shall be settled by an arbitrator who shall be a person mutually agreed upon by both parties.
10. **All lots purchased must be paid for by 4pm Friday 2nd July 2021.** No purchases may be removed from gated or secured areas until goods have been paid for and a collection slip has been obtained from reception.
11. The Auctioneer reserves the right to resell any abandoned items without being obliged to give any notice of resale to the Purchaser.
12. Upon the Purchaser failing to settle any lots purchased they hereby agree to pay any commission which the Company may have lost on a purchase as the result of the Purchaser not proceeding including the buyers premium at the rate stated in the advertised sale and costs associated in any resale or attempted resale, including advertising, security, storage and transport.
13. Interest on the purchase of moneys outstanding from time to time on and from the third day after the date of the sale at the corporate overdraft reference rate for the time being charged by the Commonwealth Banking Corporation.
14. No servant or agent of the Company is authorised to waive, add to or vary these conditions without written authority of the Company's Manager.
15. The Purchaser agrees that the Company will charge a premium as stated in the advertisements and catalogues of **8.25% or 16.5% (GST Inc)** of the gross purchase price. The Buyer's Premium is payable in addition to the knockdown price for services provided to the Purchaser by the company.
16. Unless otherwise stated the Company advises the Purchaser that all lots purchased are **GST exclusive**.
17. The Purchaser agrees that the Company is acting as the authorised agent of the Vendor and any rights of the action he may have in respect of the lots purchases by him lie against the Vendor, not the Company. In the event that he wishes to take proceedings in respect of the said lots and the Vendor has not been named by the Company in its dealings with him to date, he agrees to request the name of the Vendor from the Company, and, provided the Company provides the relevant details to proceed against the Vendor, not the Company.
18. The Purchaser acknowledges that any software included in sales of computer equipment may be under licence to the Vendor and that the terms and conditions of the License may restrict the use and transfer of the software. The Purchaser acknowledges that the company does not offer title to such software and it may or may not remain the property of the Vendor.
19. The Occupational Health & Safety Act (1995) and the subsequent Regulations (1997) impose obligations in respect of safety for workers arising out of design, manufacture and supply of Plant & Equipment for use in the workplace.
20. Lloyds Auctioneers & Valuers (Lloyds) warns buyers that all plant & equipment offered for sale at Auction may not be fit for use in any workplace and that the buyer is responsible to ensure compliance with all necessary requirements under the Act and Regulations and that the plant and equipment is fit for its intended use in the workplace prior to being used for its intended purpose. Plant MUST be given a safety inspection prior to operation when it's purchased at auction. (Please refer to our Electrical Safety Guide in our catalogue for more information)

Inspection is recommended prior to bidding.  
*Photos, descriptions and condition reports (if any) should be used as a guide only.*

## **IMPORTANT NOTES**

All Photos, descriptions and condition reports (if any) should be used as a guide only. Inspection is highly recommended.

Lloyds requires a Risk/Hazard report to be signed upon collection of goods.

Your tax receipt is your proof of purchase. Please store your paperwork in a safe place as we **CANNOT** re-print tax invoices at a later date.

Your collection docket is your security pass to take goods out of the building. Again these **CANNOT** be re-printed as they are marked upon goods collection, so your original is your **ONLY COPY**.

Please ensure that you and your carriers have adequate labour to load your goods.

Auction staff are available **ONLY** to supervise your collection of goods.

Any goods left behind will be considered abandoned and forfeited.  
**NO EXCEPTIONS.**

The premises are under 24 hr security camera and guard patrol. All thefts will be taken seriously and offenders prosecuted and banned from the premises.

Please read & understand Conditions of Sale prior to bidding online.

Inspection is recommended prior to bidding.  
*Photos, descriptions and condition reports (if any) should be used as a guide only.*

## **SAFETY ELECTRICAL GUIDE -**

**General safe use** advice for electrical appliances intended for household and similar use with rated voltage of not more than 250V for single phase appliances and 480V for other appliances.

This advice is not intended to replace specific manufacturers' information but can be used as a general guide.

This advice **does not cater** for young children or people who are physically weak.

You are urged to:

- Use the appliance only for its intended purpose.
- If the appliance is for indoor use only, do not use outdoors.
- Do not immerse the appliance in water unless it is designed for this purpose.
- Keep hands, fingers, feet, toes and hair away from dangerous moving parts, cutting blades and the like.
- Do not use electrical appliances in the rain.
- Make sure you have dry hands when operating an electrical appliance.
- Do not use a damaged appliance.
- An appliance may not be intended for use by children or people with an illness or disability without supervision.
- Young children should not be allowed to play with the appliance.
- Some appliances require special precautions for installation or user maintenance or both.
- The plug must be removed from the socket-outlet before any cleaning or maintenance is done.
- Do not place cord extension sockets or portable power outlet boards where they may be splashed or where moisture may get in.
- Ensure ventilation holes or outlets are not blocked or partially obstructed.
- If a fixed appliance does not have a supply cord and plug or other means for disconnection from the supply, a means for disconnection must be incorporated into the fixed wiring according to the [wiring rules](#) (non-Queensland Government link).
- If the supply cord or plug is damaged:
  - The manufacturer or its service agent or a similarly qualified person must replace the cord to prevent an accident.
  - Appliances with specially prepared cords must be replaced by a special cord or assembly available from the manufacturer or its service agent.
  - Other appliances that have a supply cord that cannot be replaced should be scrapped.
- The appliance should be maintained in order to ensure a long, useful life and to protect the operator against electric shock or mechanical mishaps.

A [safety switch](#) can enhance electrical safety when using electrical appliances

Inspection is recommended prior to bidding.
